

## Tudor Workshop

On Thursday 9th June, the children in Year 5 took part in a Tudor Workshop. They learnt all about the second Tudor Monarch, Henry VIII, and showed a particular interest in learning about his six wives and what had happened to them! The children thoroughly enjoyed learning about the Tudor Period and were completely focused throughout the workshop. They also learnt about the different jobs people may have carried out during the time and even got the opportunity to re-enact some of the distinctive roles of the Tudors!

## World Ocean Day

Little Acorns celebrated World Ocean Day by learning about the importance of oceans in our lives. They explored how we can protect the sea creatures and keep the ocean clean by discussing what is happening to the sea animals surrounded by litter in the water tray. Little Acorns learnt that by recycling, we can protect the ocean by reducing the plastic pollution that ends up there. They also engaged in finger painting to create pictures of the ocean and coloured in posters to promote recycling.

Each class will represent a country, its flag and perform a song or dance related to the country. We aim for all the children to experience the diverse genres of music celebrated across the world and how this relates to their cultures and experiences. We also want the children to appreciate that music is a wonderful creative outlet for us to enjoy. It has many positive effects on health and wellbeing as when we listen to our favourite songs, we are overwhelmed with joy and happy memories.

## Health Protection in Educational Settings

Immunisation is a key intervention to help give children the best start in life. Evidence shows that school-based delivery of immunisations reduces health disparities by making access to vaccines easier for all. As a Trust, we have a vital role to play in supporting the routine immunisation programme through effective sharing of information with parents, guardians and carers about the routine immunisations their children should be up to date with at key contact points. Further information about the vaccinations offered, the delivery of immunisation programmes and the outbreak response can be accessed via (<https://bit.ly/3N1KOt1>). For a wide range of immunisation support resources for educational settings, please visit (<https://www.healthpublications.gov.uk/Home.html>).
